PROFESSIONAL SUMMARY

Frontend Engineer with 3 years of experience shipping production React applications (real estate, e-commerce, social). Specialized in React 18+, TypeScript, performance optimization, accessibility (WCAG AA), and building production systems at 99+ Lighthouse scores.

WORK EXPERIENCE

FRONTEND DEVELOPER

CLOBEK LTD

2024–PRESENT

- Led frontend for booking platform: React + Tailwind; reduced form abandonment 40%, Lighthouse 95+
- Built automated inquiry management using EmailJS, processing 100+ monthly requests with a 99% delivery success rate.
- Enforced WCAG 2.1 AA compliance and maintained 95+ Lighthouse scores across performance, accessibility, and SEO

<https://prestineapartment.com>

FRONTEND DEVELOPER

RCCG PALACE OF PRAISE

2022–2024

- Built and shipped React-based event registration platform (100+ registrations in first event) with Paystack & Flutterwave payment integration, Firebase auth, and multi-step forms featuring real-time validation, progress persistence, and optimistic UI updates
- Designed mobile-first responsive flows that maintained 60 fps during peak registration traffic and achieved 98+ Lighthouse scores.

rccgyp9-advance.vercel.app

FRONTEND INSTRUCTOR – VOLUNTEER

JOSCAL GROUP OF SCHOOLS

2022–2023
